Atavism 2019 OP Advanced

Price: $999.00

Short Description

Our Advanced package can host up to **500** players simultaneously in your fantastical world.

Description

With Atavism MMORPG Engine you can bring your game to life. Friendly interface along with documentation will guide you through all aspects of the Framework. Customizable built-in modules will allow you to create death and fear bringers races with brute force Orcs or Giants races or agile and fast skilled Elves. The most powerful day & night & weather system for Unity will make your game even more immerse. Your players will be amazed when they will experience transitions from sunny or warmly Summer full of flowers and beautiful colored areas to freezing their bones cold during a snowstorm..."Winter is coming", so group your players, build guilds, forge your own path with an economy like trading, resource gathering and crafting system. Give your players purpose by putting them on the path of right or wrong through the composition of

quest and storylines. Test their strength and skills in PvP arenas and Solo or Group Instances. Create the most terrifying mobs which will put your game world into the darkness. Summon Heroes who can defeat them. Your imagination is the only boundary, you can achieve anything with Atavism.
